- Activity title: Clinical documentation EHR course
- Release date: 2024-06-01
- Expiration date: 2027-05-31
- Estimated time to complete activity: 2 hours
- The exam includes 50 multiple choice questions, you must achieve 84% or better to pass.
- Course is compliant with Section 508 of the Americans with Disabilities Act (ADA) and includes text captioning for audio components.
- This course is accessible with any web browser.
- Jointly provided by Postgraduate Institute for Medicine and Pacific Medical Training.
- PIM Activity ID: 18521-2

Target audience

This activity has been designed to meet the educational needs of physicians, physician assistants, nurse practitioners, registered nurses and pharmacists involved in the care of patients who will implement electronic health records (EHR) into their practice. This activity is also applicable to medical students (nursing and medical doctor program tracks) to learn the additional skill of medical documentation.

Educational objectives

Participants in this program will be able to:

- Demonstrate the minimum requirements for electronic health record documentation and a knowledge of the basic history of electronic health records by selecting the correct choices in a multiple-choice examination.

- Demonstrate a mastery of how to document allergies, medications, orders, notes, and discharge information in an EHR, through correctly identifying images of the EHR screens in the post-course examination.
- Recognize a variety of EHR vendor screens through study of the imagery provided in the course.
- Recall the attention to detail that is needed when transcribing verbally in an EHR by answering multiple choice questions correctly on the course examination.
- Demonstrate an understanding of the risks that come with using EHR and how to protect patient privacy and passwords by selecting examples in the examination that are relevant to the current threat to cybersecurity.
- Demonstrate an understanding of how to document properly, complying with billing standards, they will do so by selecting the correct documentation from multiple choice questions on the examination

Types of CE credits available and eligibility requirements for each credit type

- **AMA PRA Category 1 Credit™**: Continuing Medical Education (CME) AMA PRA Category 1 Credit™ credit is available to you if you are a Doctor of Medicine (MD) or Doctor of Osteopathic Medicine (DO). You must certify in your registration that you are an MD or DO to earn this type of CE credit.
- **Non-Physician Medical Professionals**: Designated for AMA PRA Category 1 Credit™ which is applicable to medical professionals who are not physicians, including chiropractors, paramedics, emergency medical technicians (EMT), etc.
- **ACPE**: Accreditation Council for Pharmacy Education (ACPE) credit is available to Pharmacists and Pharmacy Technicians. In order to earn ACPE credit, we are required by the National Association of Boards of Pharmacy (NABP) and ACPE to collect both your NABP number and date of birth in MM/DD format. You must enter it during registration to receive credit. You CANNOT use an organization/MTF NABP number, it must be YOUR number. If you do not have an NABP number, please go to https://store.nabp.net/OA_HTML/xxnabpibeGblLogin.jsp and sign up for this number. If you do not provide this information, you will not earn credit. All CE eligibility requirements noted above must be adhered to in order to receive this certification. Please note, due to ACPE guidelines, all credit awarded by ACPE accredited providers to Pharmacists and Pharmacy Technicians will be available via CPE Monitor. If participants would like a

paper statement of credit, they may print an individual statement of credit or a transcript from their NABP e-profile.

- ANCC CNE: American Nurses Credentialing Center, the Continuing Nursing Education (CNE) credit is available to Nurses and Nurse Practitioners.

Joint Accreditation Statement

In support of improving patient care, this activity has been planned and implemented by the Postgraduate Institute for Medicine and Pacific Medical Training. Postgraduate Institute for Medicine is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

Physician continuing medical education - AMA (MDs, DOs)

The Postgraduate Institute for Medicine designates this enduring material for a maximum of 2.0 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Continuing pharmacy education

Postgraduate Institute for Medicine designates this continuing education activity for 2.0 contact hours (0.2 CEUs) of the Accreditation Council for Pharmacy Education.

Universal Activity Number – JA4008162-9999-25-170-H01-P

Universal Activity Number – JA4008162-9999-25-170-H01-T

Type of activity – Knowledge

Continuing nursing education - ANCC (RNs, APRNs, NPs)

The maximum number of hours awarded for this continuing nursing education activity is 2.0 contact hours.

Disclosure of financial relationships

Postgraduate Institute for Medicine (PIM) requires faculty, planners, and others in control of educational content to disclose all their financial relationships with ineligible companies. All relevant financial relationships are thoroughly vetted and mitigated according to PIM policy. There are no conflicts of interest. PIM is committed to providing its learners with high quality accredited continuing education activities and related materials that promote improvements or quality in healthcare and not a specific proprietary business interest of an ineligible company.

The faculty, planning staff, and content managers for this activity have nothing to disclose. The PIM planners and staff have nothing to disclose.

Method of participation and request for credit

During the accreditation period, participants must read the learning objectives, faculty disclosures and study the entire educational activity.

If you wish to receive acknowledgment for participation of this CME/CE activity, you must complete the following:

- Complete the post-test and evaluation online within 10 days of the activity.
- Upon successfully completing the post-test with a score of 84% or better and the activity evaluation, your certificate will be made available via email.

For Pharmacists and Pharmacy Technicians:

- You must provide your NABP ePID and date of birth in MM/DD format during registration to receive credit.
- Upon successfully completing the post-test with a score of 84% or better and the activity evaluation form, transcript information will be sent to the NABP CPE Monitor Service within 4 weeks.
- You are not eligible to receive ACPE credit if you have previously received credit for this activity.

If you have questions regarding the certification of this activity, please contact PIM via email at inquiries@pimed.com.

Disclosure of unlabeled use

This educational activity may contain discussion of published and/or investigational uses of agents that are not indicated by the FDA. The planners of this activity do not recommend the use of any agent outside of the labeled indications. The opinions expressed in the educational activity are those of the faculty and do not necessarily represent the views of the planners. Please refer to the official prescribing information for each product for discussion of approved indications, contraindications, and warnings.

Disclaimer

Participants have an implied responsibility to use the newly acquired information to enhance patient outcomes and their own professional development. The information presented in this activity is not meant to serve as a guideline for patient management. Any procedures, medications, or other courses of diagnosis or treatment discussed or suggested in this activity should not be used by clinicians without evaluation of their patient's conditions and possible contraindications and/or dangers in use, review of any applicable manufacturer's product information, and comparison with recommendations of other authorities.
